

TESTIMONIALS FROM PAST EVENTS

STUDENT ATTENDEE

"I came into Networking Night feeling lost about my career search. It took one conversation with an adult in my field of interest to guide my search and help me learn about all the ways to apply a degree. I highly recommend this event!"

STUDENT ATTENDEE

"Worthwhile event for anyone who takes advantage of the opportunity. Sound information, great networking tips, experience sharing and good food. What's not to like?"

ALUMNI ATTENDEE

"I have attended three alumni networking nights. These events are extremely well run and both students and alumni express how valuable they find these programs. I have worked in the biotech industry for years and have found it to be intellectually stimulating and personally rewarding. I get a lot of satisfaction sharing my experience with students."
